

GlazeKleen™ Aqua

Product Description & Application

GlazeKleen Aqua is a revolutionary water washable roller deglazing paste, for routine maintenance and wash-up of rollers.

Features & Benefits

- Revolutionary water washable de-glazing paste
- Achieves thorough cleaning and de-glazing of the rollers within short span of 3 to 5 minutes
- Preventive cleaning is enhanced by controlled build up of tack while the rollers are in motion
- Safe on rubber rollers, does not impart any adverse chemical effect
- Removes embedded ink pigments from the roller surface
- Dissolves ink glaze without damaging the roller surface
- Free from hydrocarbon solvents

Usage Instructions

- Clean the ink from the rollers as always, at the end of the job
- Disengage the wash-up blades and apply a sufficient quantity of GlazeKleen Aqua to the rollers using an ink knife covering the entire surface to be cleaned
- Run in the paste for approximately 3 to 5 minutes
- GlazeKleen Aqua is designed to achieve extremely high-quality cleaning and de-glazing in the shortest time
- Rinse away the residue using clean water

Storage, Handling & Packaging

- Storage & Handling : Store at moderate temperatures in a dry, well-ventilated area. Protect from heat and direct sunlight. Keep the containers tightly closed when not in use.
- Shelf-life : 12 months from the date of manufacture
- Packing : 250 gms
- Caution : Longer dwell time of the paste on rollers could lead to excessive tack build-up.

Our Planet is our most vital resource. We must do all we can to preserve it. We at TechNova have embarked on a “Go Green” mission. Our objectives are :

- To promote Green awareness within TechNova, with our stakeholders and within the Indian printing industry.
- To develop, manufacture and supply eco-friendly Green products and services that have the least impact on the environment.
- To comply with, and go beyond, all applicable legal requirements with regard to the environment, and help our customers achieve the same.

To assist the printing industry to “Go Green”, TechNova has introduced a bouquet of Green products :

- Chem-free Digital Plates
- Process-free Inkjet CtP Solutions
- Alcohol-free & Alcohol-reducing Founts
- Aromatic-free Press Washes
- VOC-free Cleaners & Deglazers

All Product Information Capsules for TechNova’s Green products carry the “Go Green” symbol.

Corporate Profile

- Since inception in 1971, TechNova has introduced several new breakthrough technologies.
- Recognised as one of the world’s leading manufacturers of imaging products.
- Markets products to over 51 countries through its overseas offices and distribution network.
- Serves various industries such as print & publishing, packaging, textiles, engineering, signage, advertising, geology, photography, business graphics and medical diagnostics.

Product Portfolio

- Thermal CtP Systems
- Violet CtP Systems
- Inkjet CtP Systems
- Digital & Analog Plates
- Flexo Plates
- Graphic Art Films
- Graphic Chemistry
- Diazo Chemistry
- Offset Printing Blankets
- Inkjet & Laser Media
- Diazo Media
- Screen Print Solutions

Highlights

- India’s only and world’s 4th largest manufacturer of digital printing plates.
- Long term technical collaboration with Agfa Graphics.
- Only company outside of North America, Europe and Japan to receive the coveted GATF InterTech Technology Award.
- Recipient of the Davos-based World Economic Forum’s “Top-performing, Global Growth Company Award” in 1997 and “Technology Pioneer Award” in 2000.
