

UnifinTM

Product Description & Application

Unifin is a high-quality, general-purpose plate finisher and desensitiser, suitable for use with all plate types, including all digital plates.

Features & Benefits

- Suitable for use on all types of plates
- Good desensitising properties
- Protects the background from finger-marking and scuffing during handling
- Can be used for storage of uninked plates for up to 1 month
- Suitable for processor as well as hand application
- Protected against bacterial spoilage by a broad-spectrum biocide

Usage Instructions

- For hand application : After development, wash the plate with water, squeeze and apply the finisher at the approximate rate of 50 ml / m². Buff down with a clean lint-free cloth to a thin, even film and dry
- For processor application : Fill the processor gum section with full strength Unifin as described in the processor instruction manual. Unifin diluted with water should be used as replenishment, with the objective of maintaining the working solution in the specific gravity range 1.065 - 1.075. Under extreme conditions, the dilution may be altered suitably to combat excessive increase in viscosity

Storage, Handling & Packaging

- Storage & Handling : Store at moderate temperatures in a dry, well-ventilated area. Protect from direct sunlight. Keep the containers tightly closed when not in use
- Shelf-life : 12 months from the date of manufacture
- Packing : 5 litres
- Precautions : Avoid skin and eye contact

Our Planet is our most vital resource. We must do all we can to preserve it. We at TechNova have embarked on a “Go Green” mission. Our objectives are :

- To promote Green awareness within TechNova, with our stakeholders and within the Indian printing industry.
- To develop, manufacture and supply eco-friendly Green products and services that have the least impact on the environment.
- To comply with, and go beyond, all applicable legal requirements with regard to the environment, and help our customers achieve the same.

To assist the printing industry to “Go Green”, TechNova has introduced a bouquet of Green products :

- Chem-free Digital Plates
- Process-free Inkjet CtP Solutions
- Alcohol-free & Alcohol-reducing Founts
- Aromatic-free Press Washes
- VOC-free Cleaners & Deglazers

All Product Information Capsules for TechNova's Green products carry the “Go Green” symbol.

Corporate Profile

- Since inception in 1971, TechNova has introduced several new breakthrough technologies.
- Recognised as one of the world's leading manufacturers of imaging products.
- Markets products to over 51 countries through its overseas offices and distribution network.
- Serves various industries such as print & publishing, packaging, textiles, engineering, signage, advertising, geology, photography, business graphics and medical diagnostics.

Product Portfolio

- Thermal CtP Systems
- Violet CtP Systems
- Inkjet CtP Systems
- Digital & Analog Plates
- Flexo Plates
- Graphic Art Films
- Graphic Chemistry
- Diazo Chemistry
- Offset Printing Blankets
- Inkjet & Laser Media
- Diazo Media
- Screen Print Solutions

Highlights

- India's only and world's 4th largest manufacturer of digital printing plates.
- Long term technical collaboration with Agfa Graphics.
- Only company outside of North America, Europe and Japan to receive the coveted GATF InterTech Technology Award.
- Recipient of the Davos-based World Economic Forum's “Top-performing, Global Growth Company Award” in 1997 and “Technology Pioneer Award” in 2000.
